

Reconditioned Engine Warranty Terms & Conditions

1. Definitions

Term	Meaning
Company / we / us	Engine Union Limited (or the trading name shown on your invoice).
Customer / you	The original purchaser named on the invoice.
Engine	The reconditioned <i>long block</i> supplied (cylinder head ± cam cover, block, sump). Ancillaries are not included.
Warranty Period	12 months or 12,000 miles from the invoice date, whichever occurs first.

2. Warranty Coverage

1. The warranty applies only to the Engine as defined above and to no other part.
2. Coverage is limited to **repair or replacement** (at our discretion) up to the value shown on the original invoice.
3. The warranty is **non-transferable** and valid only while the vehicle is used on public metalled roads within the manufacturer's recommended limits (including towing limits).

3. Mandatory Service Schedule

Mileage / Time	Action	Notes
500 – 900 miles	Service & inspection	Oil & filter change Full checklist (see §3.3)

--	----------------	--

3.1 All work **must** be carried out by a *certified technician at a VAT-registered workshop*. Mobile mechanics, self-service, friends, or relatives are **not acceptable**.

3.2 You must keep dated, itemised invoices; failure to prove compliance voids the warranty.

3.3 **Service checklist (each visit)**

- Replace engine oil & filter • Check/ top-up coolant • Re-torque cylinder head & manifolds (where applicable)
- Adjust ignition timing & valve lash (where applicable) • Inspect for leaks • Full diagnostic scan & report

We also recommend turbo & DPF inspection.

3.4 We will perform the 500-mile and 2,000-mile inspections free of charge; if we supply the oil, a labour fee of £40 applies. Using another workshop forfeits any financial assistance from us.

- Consumables / maintenance items (oils, filters, antifreeze, belts, sensors, etc.).
- Fair wear and tear or corrosion.
- Damage arising from:

 - Ancillary failure causing engine damage (e.g., turbocharger).
- Claims for consequential loss (e.g., recovery, hire cars, loss of earnings).

5. Invalidation of Warranty

The warranty becomes null and void if:

1. Mandatory services (§3) are missed, late, or undocumented.
 2. Heat tabs (where fitted) are tampered with or show evidence of overheating.
 3. After-market performance parts are installed without our written approval.
 4. Any material fact is deliberately withheld or a fraudulent claim is made.

 5. Your statutory rights are not affected.
